Bird Watch Ireland

Fuair Bird Watch Ireland €1,800 le staidéar féidearthachta a dhéanamh ar na coinníollacha a theastaíonn chun gnáthóg na dtraonach ar Oileán Árainn Mhór a athbhunú agus a bhainistiú go praiticiúil. Tá líon na dtraonach ag meadú le blianta beaga anuas agus faoi láthair tá 10% de líon na dtraonach i nDún na Gall ann, sin thart ar 6% den líon náisiúnta. An chúis is dóchúla leis seo ná go bhfuil roinnt mhaith de na páirceanna tréigthe agus nach bhfuiltear á ngearradh i gcomhair tuí a thuilleadh. Bheadh sé thar a bheith inmhianaithe athchóiriú agus bainistiú a dheánamh ar na páirceanna seo le cead ó na húinéirí talún. De bharr nach ndeántar feirmeoireacht orthu a thuilleadh, níl siad ag fáil aon íocaíochtaí stáit eile.

Cloistear ar a laghad traonach amháin sa reilig in Árainn Mhór, agus tá foscadh mhaith ar fail don traonach i réigiún ghoilcaí agus raithní ar an Oileán chomh maith.

Tá ceantair na dtraonach sainithe go soiléir i staidéar roimh seo ach tá géargháanois le bainistiú cúramach. Is mian le Birdwatch Ireland tabhairt faoin mbainistiú sin ach tá gá le staidéar féidearthachta ar dtús le n-aimsíú cé mhéid de na páirceanna tréigthe seo atá i gceantar na dtraonach agus cé mhéid úinéir talún a bheadh sásta an cineál seo oibre a bheith curtha i gcrích.

Rural Development Programme Grants Paid

Bird Watch Ireland

Received €1,800.00 for a project which entailed carrying out a feasibility study of the necessary conditions for the practical management & restoration of the corncrake habitat on Árainn Mhór. The population of corncrakes on the island is increasing in recent years and it currently holds almost 10% of the Donegal population and about 6% of the national population. The increase is likely to be partly due to the fact that many meadows have been abandoned and are no longer cut for hay on the island, reducing the amount of birds being killed during mowing. It would be highly desirable to restore some of those meadows and to manage these with the landowners' consent. As they are no longer farmed, they are not in receipt of other state payments.

The graveyard in Árainn Mór is an area where at least one corncrake is often heard and other areas of reeds or bracken on the island provide good cover for corncrakes. Corncrake habitats have been clearly defined in a previous study but they now need careful management. Bird Watch Ireland would like to carry out the management work but a feasibility study is required to first determine how much abandoned land there is in the corncrake habitats and how many landowners may be willing to have this work carried out.

Bia Áitiúil - 'Déanta in Inis Eoghain'

Tá clú agus cál ag teacht ar Inis Eoghain i nDún na nGall maidir le glasraí, éisc agus feoil ó fhoinsí áitiúla agus táirgí séasúrach den scoth. Má chuirtear cócaireacht agus cur i láthair d'ard-chaighdeán, praghassanna réasunta le margáiocht chliste sna meáin sóisialta leis sin, tá eiseamláir de ghnó fior-rathúil agat. Tá *Harry's Bar & Restaurant* i gCeann an Droichid, cúpla céad slat ón teorainn le Doire ar bhóthar Litir Cheanainn go Doire, mar chuid lárnach den athbheochan céille seo.

Thart ar ocht mbliana ó shin bhog an úinéir Donal Doherty ó Londain ar ais chuig gnó a theaghlaigh agus thosaigh sé ag déanamh mion-scrúdú ar na nósanna gnó agus ar an bhfiú a glacadh leo in earnáil na bialainne agus an bheáir. Bhí bonn custaiméirí dílis ag Harry's mar theach stéige agus theastaigh ó Dhónal feabhas a chuir ar chaighdeán an fheoil a bhí á úsáid sa bhialann agus laghdú a bhaint amach ar an tionchar a bhí ag na meáncheannaithe agus ag an gcéadán brabús mór a bhí á bhaint amach acu, rud atá coitianta i ngnó bialainne.

Ag féachaint mórrhimpeall Inis Eoghain, chonaic Dónal láidreacht sna feirmeoirí bheaga a bhí ag táirgeadh beithigh d'ard-chaighdeán. É sin ráite, bhí siadsan maraon le Harry's buailte ag neamhchinnteacht i bpraghassanna mar gheall ar an ráta brabús íseal, na margáí agus na meáncheannaithe atá i gceist na laethanta seo. Trí chéatadán flaithiúil a thairiscint, a bheadh os cionn an praghass a bheadh súil ag an bhfeirmeoir a fháil ag an margadh, bhí Dónal abálta a theacht ar chonablaigh beithigh iomlán ar ard-chaighdeán le n-oibriú leo. Crochadh an mhairteoil i seomra fuar na bialainne go dtí go mbeadh sé díreach ceart, agus réitithe le bheith gearrtha ag búistéir páirt-aimseartha Harry's, a rinne stéigearna, stobhaigh agus spólaí neamhchoiteanta eile de dá gcustaiméirí.

Leanadh ar aghaidh leis an eiseamláir seo sna blianta dár gcionn ag úsáid mairteoil ó phórtha neamhchoitianta dúchásacha gearr-adharcaigh agus bollataigh, muiceoil orgánach ó muca dhiallaite neamhchoitianta áitiúla, cearda tógha lasmuigh chomh maith le héisc a rugadh orthu ó fhoinsí ag calafort Inis Eoghain, An Caisleán Nua. An éiteas a bhí ann ná cloí chomh fada agus a d'fhéadfá le táirgí inbhuanaithe ar an mbiachlár atá "Déanta in Inis Eoghain" agus athfhorbairt a dhéanamh ar scileanna; ceird an bhúistéireacht agus soláthru éisc, nithe a raibh dearmad déanta orthu le blianta anuas de bharr an rás chuig eiseamláir próiseáil láraithe. Níor éirigh leo rathúlacht a bhaint amach thar oíche. Ar dtús bhí dul chun cinn an-mhall agus thóg sé ocht mbliana an gnó a fháil go dtí an pointe a bhfuil 20% de mhairteoil an bhiachláir ag teacht díreach ó fheirmeoirí áitiúla. Ar a shon sin, tá i bhfad níos mó custaiméirí dílse faigte ag Harry's. Sí an aidhm atá ag Dónal ná 100% dá gcuid feola a fháil go háitiúil. Rud amháin a bhí in easnamh ná glasraí agus luibheanna séasúracha, úra. Chonaic Dónal deis i sean ghairdín 200 acra a bhí mar pháirt d'eastát a chara Na Doherty's. Tosaíodh an bhliain seo caite ar athchóiriú an teach gloine, na húllóird, ballaí agus ceapacha leis an aidhm go mbeidh gach táirge sa bhialann ag fás sa ghairdín i mbliana.

An bhliain seo caite, d'fhreastal mé ar fhéile bia áitiúil a bhí eagraithe ag Harry's, agus rith sé liom cé chomh hoiriúnach agus a bheadh eiseamláir Dónal ar na hOileáin. Le linn na ceardlainne éagsúla ar dhéanamh ime, sailliú bagúin agus déanamh putóg dhubh smaoinigh mé go bhfuil gach oileáin in Éirinn ag brath ar bhia-ábhair a thugtar isteach ar an mbád, bia a bhíodh ag fás go háitiúil fadó. Chuireadh iasc agus feoil, a ghabhfaí agus a tháirgí go h-áitiúil, postanna ar fáil d'Oileánaigh, ag cruthú ioncaim agus fostáiocht. Bheadh jabanna turasóireachta, agus ioncam d'iascairí agus d'fheirmeoirí bheaga ar na hOileáin i gceist, gan labhairt ar sholáthar bia blasta d'ard-chaighdeán do bhéile ar na hOileáin. B'fhéidir go bhfuil sé in amanois críonnacht aitheanta a cheistiú, céard is féidir a dhéanamh, agus an chéad chéim a thógáil mar atá déanta ag Dónal Doherty in Inis Eoghain?

Local Food - 'Made in Inishowen'

Inis Eoghain (Inishowen) in Donegal is building a reputation for excellent seasonal and locally sourced meat, fish and vegetables. Add to this quality cooking and presentation, affordable pricing coupled with social media marketing savvy to spread the good news and you get the makings of a highly successful business model. Central to this common sense renaissance is Harry's Bar & Restaurant in Bridgend, a couple of hundred yards from the border with County Derry on the Letterkenny to Derry road.

Around eight years ago proprietor Donal Doherty moved from London to his family business and started to look hard at the accepted wisdom and business practices carried out around the restaurant and bar trade. Harry's had a loyal customer base as a steak house and Donal wanted to improve both the quality of the meat served in the restaurant and to reduce the reliance on middlemen and their high margins which are commonplace in the restaurant logistics chain. Looking around his native Inishowen, Donal saw strength in the small farmers who produced high quality cattle. However, they like Harry's, were susceptible to the uncertainty in pricing caused by the low margins, marts and middlemen which make up the modern food system. By offering a generous percentage above what the farmer would hope to get at the local mart, Donal was able to get whole, high quality cattle carcasses to work with. The beef was hung in the restaurants own

cold room until it was just right, ready to be cut up by Harry's part-time butcher into the most delicious steaks, shanks, stews and other more unusual cuts for their customers.

This model was continued in later years with beef from rare breed native Dexters and Shorthorn, organic pork from local rare-breed saddleback pigs, by outdoor reared chicken as well as locally sourced fish landed at Inishowen's port of Greencastle. The ethos was to keep as far as possible, to sustainable menu items which are "Made in Inishowen" and to redevelop skills such as craft butchery and fish mongering which had been neglected over the years in the rush to the centralized processing model. Success didn't come overnight, progress was slow initially and it has taken eight years to build the business to a point where 20% of the menu's beef comes direct from local farms. However, Harry has gained many more loyal customers. Donal's aim is to have 100% of meat sourced direct in future. One missing piece of the puzzle was fresh, seasonal herbs and vegetables. Donal again saw an opportunity in a two acre, 200 year old walled garden which was part of a local estate owned by a friend of the Doherty's. Work began last year in restoring the greenhouse, orchards, walls and beds and the aim is to have all of the restaurant produce grown in the garden this year.

While attending "Inishfood" last year, a festival celebrating local food organized by Harry's, I was struck by how the model that Donal champions would be suited to the islands. During the various hands-on workshops on butter making, bacon curing and black pudding making it occurred to me that all of Ireland's islands are reliant on foodstuffs which are imported on the ferry, foods which were in the past grown locally. Fish and meat, caught and produced on the islands, for islanders initially, would create income and eventually jobs. Jobs in tourism, income for fishermen and small island farmers not to mention providing high quality, tasty food for island tables. Perhaps it is again time to challenge accepted wisdom on what can be done and to take the first step as Donal Doherty has done in Inishowen?

Ceist 1: Cártai leighis a choinneáil

Beidh mé ag filleadh ar an obair i ndiaidh tréimhse dhífhostaiochta. An féidir liom mo chárta leighis a choinneáil?

Freagra:

Má tá íocaíocht leasa shóisialaigh á fáil agat agus má [fhlileann tú ar an obair](#) (cibé acu go lánamearthá nó go páirtaimseartha) is féidir leat do chárta leighis a choimeád ar feadh 3 bliana ar a mhéid fiú má sháraíonn d'ioncam na teorainneacha. Ní mór go raibh ceann amháin de na híocaíochtaí mar a leanas á bhfáil agat ar feadh 12 mhí nó níos faide:

- Sochar Cuardaitheora Poist
- Liúntas Cuardaitheora Poist
- Íocaíocht Teaghlaigh Aontuismitheora
- Sochar Breoiteachta
- Liúntas Míchumais
- Pinsean na nDall
- NÓ bheith ar scéim dreasacht fostaíochta nó scéim um dheiseanna oideachais

Má ghlacann tú le fostaíocht lánamearthá coinneoidh tú do chárta leighis ar feadh 3 bliana ón dáta a thosaíonn tú ag oibriú. Má ghlacann tú le fostaíocht pháirtaimseartha, tosóidh an tréimhse 3 bliana ón dáta a sháraíonn d'ioncam an teorainn chuí um chárta leighis.

Tá an socrú seo i gceist le daoine ag a bhfuil baint i scéimeanna faoi urraíocht an Rialtais chomh maith, lena n-áirítear an Liúntas um Fhilleadh ar Oideachas, an Liúntas Fiontraíochta um Fhilleadh ar Obair, JobBridge (an scéim náisiúnta intíreirneachta), an Scéim Shóisialta Tuaithe, scéimeanna Tús agus Fostaíochta Pobail.

Q 1: Retention of medical cards

I am going back to work after a period of unemployment. Can I keep my medical card?

If you are receiving a social welfare payment and [return to work](#) (either full- or part-time) you may retain your medical card for up to 3 years even if your income is above the limits. You must have been getting one of the following payments for 12 months or more:

- Jobseeker's Benefit
- Jobseeker's Allowance
- One-Parent Family Payment
- Illness Benefit
- Disability Allowance
- Blind Pension
- Or have been on an employment incentive scheme or educational opportunity scheme

If you take up full-time employment you will retain your medical card for 3 years from the date you start work. If you take up part-time employment the 3-year period starts from the date your income exceeds the relevant medical card guideline.

This provision also applies to people who are involved in Government-sponsored schemes including the Back to Education Allowance, Back to Work Enterprise Allowance, JobBridge (the national internship scheme) the Rural Social Scheme, Tús and Community Employment schemes.

Ceist 2: Agallaimh leasa shóisialaigh

Tá deireadh curtha le m'éileamh ar Shocchar Cuardaitheora Poist agus chuir mé isteach ar Liúntas Cuardaitheora Poist. Dúradh liom gur gá dom bheith ar fáil d'agallamh. Cén fáth a bhfuil agallamh i gceist?

Freagra:

Íocaíocht ÁSPC-bhunaithe is ea Sochar Cuardaitheora Poist (SCP) agus ní dhéantar tástáil mhaoine ina leith. Is ionann méid uasta an Liúntais Chuardaitheora Poist (LCP) agus ráta uasta an SCP, ach déantar tástáil mhaoine i leith LCP. Le linn tástáil mhaoine, déanann an Roinn Coimirce Sóisialaí (RCS) scrúdú ar d'fhoinsí ioncaim go léir. D'fhéadfadh agallamh bheith i gceist leis an tástáil mhaoine. Gnáthchuid de phróiseáil éileamh an RCS ar íocaíochtaí a ndéantar tástáil mhaoine ina leith iad na hagallaimh sin. Nuair a dhéanann tú éileamh ar Liúntas Cuardaitheora Poist, déanfaidh oifigeach den Roinn an cinneadh an féidir d'éileamh a cheadú láithreach bonn, nó an gá é a atreorú le haghaidh agallaimh.

Má atreoraítear thú le haghaidh agallaimh, is gnách go dtarlaíonn an t-agallamh i d'oifig leasa shóisialaigh áitiúil. Ar a shon sin, d'fhéadfai thú a chur faoi agallamh i do theach, mar shampla, má bhí tú féinfehostaithe nó má bhí post ócáideach gearrthíarmach agat, nó más gá fianaise thacaíochta a dhearbhú. Le linn an agallaimh, d'fhéadfadh an cigire leasa shóisialaigh iarraidh ort doiciméid a sholáthar, ar nós cuntas nó ráiteas ó d'institiúid airgeadais.

Déanann Oifigeach Breithiúnachta ar leith cinneadh faoi do mhaoin.

Mura bhfuil tú sásta leis an gcinneadh a rinneadh ar d'iarratas ar LCP, is féidir leat achomharc a chur ar aghaidh chuig an:

[Oifig neamhspleáach Achomharc Leasa Shóisialaigh](#) laistigh de 21 lá tar éis gur cuireadh ar an eolas thú faoi chinneadh d'iarratais. Téigh i dteagmháil leis an Oifig Achomharc Leasa Shóisialaigh, Teach D'Olier, Sráid D'Olier, Baile Átha Cliath 2.

Question 2: Social welfare interviews

My Jobseeker's Benefit claim is at an end and I have applied for Jobseeker's Allowance. I've been told I must make myself available for interview. Why is there an interview?

Answer:

Jobseeker's Benefit (JB) is a PRSI-based payment and it does not have a means test. The maximum amount of Jobseeker's Allowance (JA) is the same as the maximum rate of JB, but JA is means-tested. During a means test the Department of Social Protection (DSP) examines all your sources of income. The means test may involve an interview. Such interviews are a routine part of how the DSP processes claims for mean-tested payments. When you claim Jobseeker's Allowance, an officer of the Department will decide if your claim can be allowed immediately, or if it must be referred for interview.

If you are referred for interview that interview usually takes place in your local social welfare office. However, you might be interviewed at home if, for example, you have been self-employed or in casual short-term employment, or if supporting evidence needs to be verified. During the interview the social welfare inspector may ask you to produce documents such as accounts or statements from your financial institution.

A decision on your means is made by a separate Deciding Officer.

If you are unhappy with the decision made on your application for JA you can appeal to the independent [Social Welfare Appeals Office](#). You should appeal within 21 days of being told the decision on your application.

Contact the Social Welfare Appeals Office, D'Olier House, D'Olier Street, Dublin 2.

Ceist 3: Creidmheasanna cánach agus íocaíochtaí leasa shóisiallaigh

Faighim Pinsin Stáit (Ranníocach) agus íocatar an Méadú do Dhuine Fásta Cáilithe a fhaighim do mo bhean chéile díreach isteach chuig a cuntas bainc. Mar sin, íocatar mo phinsean iomlán seachtainiúil isteach in dhá chuntas ar leith. An bhfuilimid i dteideal dhá chreidmheas cánach ÁSPC a éileamh?

Freagra:

Tá an Pinsean Stáit inchánaithe, ach ní íocfaidh tú cáin air ach amháin má sháraíonn d'ioncam foriomlán méid do chreidmheasanna cánach nó an tairseach díolúine cánach. (Tá tú díolmhaithe ó cháin ioncaim má tá tú breis agus 65 bliain d'aois agus más níos lú ná €18,000 d'ioncam iomlán bliantúil más duine singil thú, ní €36,000 má tá tú pósta nó i bpáirtnéireacht shibhialta.)

Fad atá Pinsean Stáit á fháil agat, tá tú i dteideal creidmheas cánach ÁSPC a fháil sa mhullach ar do chreidmheas cánach pearsanta. (In 2012, is ionann an creidmheas cánach pearsanta do dhaoine pósta nó do pháirtnéirí sibhialta agus €3,300 agus is ionann an creidmheas cánach ÁSPC agus €1,650.)

Níl duine pósta nó páirtnéir sibhialta i dteideal creidmheas cánach ÁSPC más í íocaíocht Mhéadú do Dhuine Fásta Cáilithe (MDFC) an t-aon fhoinsí ioncaim atá acu ón Roinn Coimirce Sóisialaí (RCS). Bíonn sé seo i gceist cibé acu an íocatar nó nach n-íocatar an MDFC go díreach leis an duine fásta cáilithe.

I do chás féin, níl ach duine amháin á ioc, agus áirítear leis seo méadú ar an íocaíocht do do bhean chéile mar dhuine fásta cáilithe. Níl do bhean chéile i dteideal creidmheas cánach ÁSPC a fháil de bharr nach bhfuil aici ioncam ÁSPC ina ceart féin. Is ionann an scéal don uile cháiníocóir seachas daoine a fhaigheann pinsean ón RCS amháin.

Question 3: Tax credits and social welfare payments

I get a State Pension (Contributory) and the Increase for a Qualified Adult I get for my wife is paid directly into her bank account. So my total weekly pension is paid into two separate accounts. Are we entitled to claim two PAYE tax credits?

Answer:

The State Pension is taxable, but you will only pay tax on it if your overall income is greater than the amount of your tax credits or tax exemption threshold. (You are exempt from income tax if you are 65 or over and your annual total income is less than €18,000 if single, or €36,000 if married or in a civil partnership.)

While you are getting a State Pension, you are entitled to a PAYE tax credit in addition to your personal tax credit. (In 2012 the personal tax credit for married people or civil partners is €3,300 and the PAYE tax credit is €1,650.)

A married person or civil partner is not entitled to a PAYE tax credit if their only source of income is the Increase for Qualified Adult (IQA) payment from the Department of Social Protection (DSP). This applies whether or not the IQA is paid directly to the qualified adult.

In your case only one pension is being paid which includes an increase in the payment for your wife as a qualified adult. Your wife is not entitled to a PAYE tax credit because she does not have PAYE income in her own right. This is the case for all taxpayers and not only for people who receive a pension from the DSP.

Rainwater Harvesting Course

Comhar Caomhán Teo, Inis Oírr, made an application for a training grant to train 15 participants in the relevant knowledge and technical proficiency to install and maintain Rainwater Harvesting Systems. The outcome of the training was that participants gained an understanding of the intricacies associated with the installation of Rainwater Harvesting Systems, the means by which a water balance is maintained, the characteristics of Direct and Gravity Rainwater Harvesting Systems, the stages involved, conducting a risk assessment prior to commencing the installation stage and adherence to relevant Health and Safety Guidelines. The 3 day course was delivered in Inis Oírr at Comhar Caomhán Teo's offices and participants received the European Registration Scheme for Personnel Competence (ERS).

Participant's Personal testimony:

“Following a long lead in period in organising a rainwater harvesting course and after three consecutive summers of drought on the island of Inis Oírr, we the islanders, think our Co-Op's sustainable energy / living programme have created a course content which is ideally suited and specific to Island living. I would recommend to every island around Ireland to apply through Comhar na nOileán to have this course delivered in their community urgently. Ours is the first of its kind in Ireland, designed specifically to suit island needs.”

Network of Island Arts and Crafts Workers

Comhar na nOileán is supporting the establishment of an Arts and Crafts Network. A series of talks, workshops and exhibitions of Island produce have taken place during April in Clifden and on Bere Island in which the benefits of an all-island approach to further developing the sector was discussed.

What could we achieve together?

Development of a craft network in each region:

- Training craft workers to establish their individual network structure
- Up-skilling and support in developing their own quality assessment procedures and operational plan
- Craft Development: Train the networks in developing a comprehensive range of Island products
- Routes to Market Training on each Island
- Enable craft-workers to increase their visibility and their sales outlets
- An Action Plan in each Island/Region – a marketing plan to include the development of individual Island Arts & Crafts Trails.

Further meetings will be taking place in the coming months to develop the networks. If you are interested in participating please contact Mary Lavelle on 087 287 2929 or email mary@oileain.ie.
